

Memorial walk to benefit

DANA-FARBER
CANCER INSTITUTE

in honor of Dr. Christopher Kaufman

Sunday, June 25, 10:00, Gorham High School

Chris was a beloved father, husband, son, brother, friend and community member. He passed away in March at age 55, fifteen months after being diagnosed with brain cancer.

Chris had a positive impact on countless lives during his years as the lead school psychologist for the Portland Public Schools and later in private practice, helping children and their parents understand and cope with learning challenges.

Please join Chris' family and friends for a short walk (rain or shine) to honor his memory and support cancer research and treatment.

Make a donation: www.myjimmyfundpage.org/give/chriskaufman or at the walk.
